PERKASIE PAPER PRAISES CANDIDATE

Central News Lauds Wilson L.
Yeakel, Candidate For
Assembly

URGES HIS RE-ELECTION

PERKASIE, Nov. 5.—This week the Perkasie Central News paid its tribute of endorsement to Representative Wilson L. Yeakel, the Republican candidate for re-election, in these words:

"Outstanding locally in the current campaign is the public attitude upon the candidacy of Wilson L. Yeakel, Perkasie Jeweler, candidate for General Assembly.

"Wherever men congregate one can pick up an argument on virtually every candidate on the ticket but not so on Yeakel's candidacy. Those who are not outspoken in their praises of Yeakel's record at Harrisburg are so few and far between that they lack the intellectual fortitude to attack it.

"Yeakel will not get all the votes cast in Perkasie, party regularity in the ranks of the opposition forbids it, but he will receive from his neighbors and townsmen an overwhelming complimentary vote—complimentary, we say, because every voter here knows that he would be elected by a big majority without a single Perkasie vote, but Perkasie desires to show the entire county that it recognizes merit in candidates for public offices and that it is ready to cast aside partisan tendencies to attain it.

"This paper, throughout its more than 50 years' existence, has religiously refrained from discussing politics and candidates from a partisan point of view and we're not urging support of Yeakel because of his party affiliations. It's the man, as we know him, that we're boosting in our humble manner.

"Four years ago when Yeakel became a candidate for his first term we said, among other things, that 'We present Mr. Yeakel's candidacy and urge every voter in the community to support it with his or her vote and influence. We have known him for some twenty years and we have discovered nothing but manliness and an unperishable love of right and an undying adherence to everything that is fair and just. He is upright, sincere, courageous, honest and he carries his virtues without pretension and without humility.

"Graft, intrigue, unfairness or shady transactions of any nature are impossible in a man of his character. He is disqualified by any achievement of that kind, disqualified by the texture of his mind, by the honesty of his heart and by every instinct and aspiration of his nature."

"Today, after four years of service as a Bucks County Representative, we are proud to announce that we have carefully followed his career at Harrisburg and have yet to find the first act of his that could be interpreted as a betrayal of confidence we placed in him. His every act has served to strengthen our firm belief in his capability and seriousness of purpose."

OF VITAL IMPORTANCE TO THE PEOPLE OF BUCKS COUNTY

The undersigned desire to place the following facts before the voters of Bucks County:

Pennsylvania on November 8th will roll up a splendid majority for the Hoover-Curtis ticket to which result Bucks County will contribute substantially. It will also elect W. Albertson Haines and Wilson L. Yeakel as members of the General Assembly. But the great importance of electing Congressman Henry W. Watson, who is now running for the first time wedded to a Democratic County, is a problem we desire to have clearly understood.

During the past eighteen years the election of a Republican Congressman from the Ninth District has been assured, due to the large Republican majorities in both Bucks and Montgomery Counties.

The last regular session of the General Assembly by a Congressional Reapportionment constituted Bucks and LEHIGH Counties as the present Ninth Congressional District.

Lehigh County differs from our former partner, Montgomery, in having distinct DEMOCRATIC LEANINGS.

During the past eighteen years Congressman Watson has represented his home county of Bucks with painstaking and signal ability. The situation created by the foregoing, justifies us in asking you the following questions.

Would not Bucks county lose heavily in prestige and in proven service by changing its Congressman now, since our present Representative is so well known to our people, is acquainted with our economic and industrial conditions and public traditions, and is a member of a political party in harmony with a vast majority of our political beliefs?

Would not Bucks County lose heavily by Democratic representation in Congress, affiliated as he would be with his Democratic associates who hail largely from the South and under Democratic CAUCUS RULE dominated and controlled by them on all party questions?

Would not Bucks County lose, if, in economic and industrial Legislation, its representation in Congress was made an adjunct to Southern and Western Congressmen and Senators, hailing from States which make but INSIGNIFICANT CONTRIBUTIONS to the National Treasury, but through combination with Southern and Western Congressmen and Senators write in the House of Representatives and Senate our Tax Legislation; and in turn through same combination, control Federal appropriations to THEIR GREAT advantage, entirely disproportionate to the benefits enjoyed by the heavy tax-paying States of the North?

Would not Bucks County lose heavily by Democratic representation affiliated with the South which has historically opposed the Policy of Protection, which Republican Policy is the base of our whole economic and industrial structure, with its interlocking relationship with the employment of our people both on farm and in factory?

VOTERS OF BUCKS COUNTY, we feel that your interest as citizens and tax-payers are more vitally affected and transcend those of Henry W. Watson as the candidate. If you agree with us in this, join us in making it our joint business to see that on November 8th, regardless of former political affiliations, Henry W. Watson is supported for Congress.

If the County's best interests are to be served, he should have the unanimous vote of the electors of Bucks County.

SPEAKERS LAUD HENRY W. WATSON

Tell Croydon Republicans of
Necessity for His
Re-election

NEED HIGH TARIFF WALL

CROYDON, Nov. 5.—"Congressman Henry W. Watson stands for a protective tariff to all our industries. He has supported every move of our President and has represented a majority of the interests of the people of his district," said Thomas Scott, Bristol, in addressing a meeting of Republican voters held in the Croydon Republican Club last night.

The club house was well filled with enthusiastic voters who frequently applauded the speakers as they made some particularly striking point in their talks. In addition to Mr. Scott the other speakers were Anthony Russo, James Laughlin, Edward Waters and Alfred Jayne.

Mr. Scott was the last speaker of the evening and prefaced his remarks by reciting some of the early history of Croydon, mentioning the families who were among the pioneers of that section; Schencks, Gaws, Christies and the Johnsons.

"Under a Republican protective tariff those who had vision made a settlement here. Streets were laid out and houses built. Suppose a couple of good, live industries should want to come here. Could they come under a Democratic tariff?"

As a means of illustrating his talk Mr. Scott held an imaginary conversation with a mythical young man. This young man was married, had a family and was buying his own home.

The speaker asked this young man if the Democrats could fulfill all of their promises and he replied that they had never yet done so. Judging whether or not the Republicans would fulfill their promises, the young man was asked to base his judgment solely upon their record of the past.

Mr. Scott, referring to a large chart hung upon the wall illustrated the effects of a Democratic tariff upon the wages of the American working man.

A comparison of wage rates at home and abroad paid to produce certain articles exhibited by the manufacturer in Meriden, Conn., taken as a center of manufacturing, and a like comparison of wages paid American workers in some classes of industry, branches of which are located in Lehigh County, was given by Mr. Scott.

This illustration was used to stress the importance of re-electing Henry W. Watson to Congress and thus assure a Republican protective tariff. Bucks County and Lehigh County are in the same congressional district now. Lehigh County has strong Democratic tendencies and should Mr. Watson be defeated Bucks County would lose much in the way of representation.

The contrast in wage rates showed the following:

Shotgun—Meriden vs. Germany: American wage rate, 58 cents per hour; German wage rate, 18 cents per hour.

Silver plated tray—Meriden vs. England: English wage rate, 17 1/2 cents per hour; Germany, 16 cents per hour; Japan, seven cents per hour; American, 50-60 cents per hour.

Vacuum bottles—Meriden vs. Germany: Cost in Connecticut, 53 cents; cost in Germany, 12 1/2 cents; Japan, 6 1/2 cents.

Silverware—Meriden vs. Japan: Japanese skilled wage rate, 7 cents per hour; American skilled wage rate, 50 cents per hour.

Ball bearings—Meriden vs. Italy: Connecticut wage rate, 53 cents per hour; Italy wage rate, 16-18 cents per hour.

Lehigh County wage rates were given in the following manner:
Silk: American wage rate—spinners, female, 29c hr.; male, 34c hr.; weavers—male, 44c hr.; female, 36c hr.; Japan wage rate—hand weavers, female, 8c hr.; France wage rate—female, 13c hr.; male, 16c hr.

Cement: American wage rate, 42c hr.; German wage rate, 20c hr.; Japan wage rate, 16c hr.; Belgium wage rate, 14c hr.

Cast iron pipe: American wage rate, 61c hr.; France wage rate, 22c hr.; Belgium wage rate, 14c hr.

Shoes: American wage rate—average, all occupations, 25c hr.; Japan (Continued on Page 6)

Leaving an estate valued at \$15,000 Emilie M. Lennig, Bensalem Township, remembered her three children, Fred, Mary and Emilie, with equal bequests.

Frederick, Jr., was named the executor.

Disposition was made of estates belonging to three former Doylestown residents, it was learned today after their wills were filed in the Register of Wills' office at Doylestown.

In the estate of the late Tacie A. Barrett, who died on October 9, personal property valued at \$10,000 and real estate estimated at close to \$6,000 was given to a daughter, Alma L. Barrett, with reservations. Winfield S. Barrett received \$100. The will was made December 4, 1930.

The Doylestown Trust Company was granted letters of administration in the estate of the late centenarian, James Redmond, amounting to \$700. Relatives at the time of the death of Mr. Redmond were not able to give his exact age, but there was every indication that he was more than past the century mark when he died.

Three grandchildren, Evelyn, Wallace and Paul Pearsol, are the heirs of their grandfather, Mahlon Rummel, of Richlandtown, who left them bequests of \$100 each. To Lillie, a daughter, Mr. Rummel gave the same amount. Jessiah Rummel was named executor.

Mary Garber and Cora Southburg, daughters of Margaret M. Worthington, of Northampton, were named the executors of the estate valued at \$3500. A specific bequest of \$1,000 was made to Mary, while the residue will be divided between them.

Attorney Webster Achey was named executor in the will of John A. Gruver, of Buckingham, who died on September 1. His estate amounted to \$1,000.

Matilda Weaver and Lizzie Riegel were named the executors in the estate of Milton H. Weaver, of Richlandtown. The estate was listed at \$11,000.

George Ross was named the executor of the \$2,000 estate left by Charles Ross, of Upper Meriden.

In the estate of Newtown S. Nicholas, of Springfield, Joseph M. Nicholas was granted the letters of administration amounting to \$2,000. MAYORALTY JOBS BEGGING

Mr. Holly, N. J., Nov. 5.—In two towns of New Jersey, the job of mayor or town clerk is being begged today.

Because there was no one willing to come forward as a candidate for the post in either of the boroughs of Fieldsboro or in Wrightstown no nominations were made by either the Democratic or Republican parties. In neither community will a chief executive be chosen at next Tuesday's election unless the voters write in the name of their choice.

Mrs. Annie Rose is now at her Newportville home, following a four months' visit with her daughter in Arizona.

Emilie M. E. Church will serve a roast pork supper, November 8th. Menu: Roast pork, baked beans, sweet and white potatoes, cranberries, pickles, ice cream, cake, coffee. Adults, 50c; children under 10, 25c.—(Adv.)

"I DESIRE TO SPEAK SO SIMPLY AND SO PLAINLY THAT EVERY MAN AND WOMAN IN THE UNITED STATES WHO MAY HEAR OR READ MY WORDS CANNOT MISUNDERSTAND"

".... I recommended to the congress emergency relief for depositors in closed banks. For seven years I have repeatedly warned against private loans abroad for non-productive purposes. ... I SHALL PERSIST IN THOSE MATTERS ..."

".... We still have vast problems to solve in agriculture. ... NO POWER ON EARTH CAN RESTORE PRICES EXCEPT BY RESTORATION OF GENERAL RECOVERY AND MARKETS. Every measure we have taken looking to general recovery is of benefit to the farmer."

".... The most practicable relief to the farmer today, aside from the general economic recovery, is a definite program of readjustment and coordination of national, state and local taxation, which will relieve real property, especially the farms, from unfair burdens of taxation which the current readjustment in values has brought about. TO THAT PURPOSE I PROPOSE TO DEVOTE MYSELF."

".... We have strengthened the capital of the federal land banks. The Farm Board, by emergency loans to the farmers' co-operatives served to stem panics in agricultural prices and saved hundreds of thousands of farmers and their creditors from bankruptcy. We have created agencies to prevent bankruptcy and failure of their co-operative organizations, and we are erecting new instrumentalities to give credit facilities for live-stock growers and the orderly marketing of farm products. In furtherance of world stability we have made proposals to reduce the cost of world armaments by \$1,000,000,000 a year. ... As the storm grew in intensity we created the Reconstruction Finance Corporation with a capital of \$2,000,000,000 to uphold the credit structure of the nation. ".... It does not follow, because our difficulties are stupendous, because there are some souls timorous enough to doubt the validity and effectiveness of our ideals and our system, that we must turn to a state-controlled or state-directed social or economic system in order to cure our troubles. ... THAT IS NOT LIBERALISM ... IT IS TYRANNY."

".... In the race after the false gods of materialism, men and groups have forgotten their country. ... Equality of opportunity contains no conception of exploitation by any selfish, ruthless, class-minded men or groups. ... They have no place in the American system. ... HOLD on to HOOVER

EVERY CRISIS BREEDS ITS OWN MASTER

A Message to The WORKINGMAN....

What President Hoover Did:

Battling with the greatest peace-time economic problems that have confronted the United States in its 150 years of history, President Hoover has set in motion the machinery to restore normal prosperity and provide employment for the workers of the nation. Among other things:

* * *

President Hoover secured the cooperation of labor and industrial leaders in maintaining wage levels.

* * *

President Hoover obtained the cooperation of the railroads, utilities, and industries in expanding construction activities.

* * *

President Hoover urged shorter work-week and the staggering of employment in shifts.

* * *

President Hoover speeded up and expanded the Federal building program.

* * *

President Hoover enlisted the cooperation of all the Governors in enlarging their various state construction plans.

* * *

President Hoover set up the employment committee for finding jobs and financing relief; he reorganized and enlarged Federal employment service to bring the jobs and the jobless together.

* * *

President Hoover restricted immigration, thereby preserving American jobs for Americans.

Mr. Workingman:

You are an American breadwinner!

You have a job, or you may be out of work.

But you are interested in keeping your job if you have one, or of getting a job if you haven't.

What you want is a job—not a dole!

The only way you can be gainfully employed is to live in a country whose natural resources and purchasing power are protected for the security of yourself and your family. You have a right to be guaranteed, so far as is humanly possible, that you may have work and at wages that will enable you to buy food and clothing, and provide a home for your family.

THE BEST GUARANTEE FOR A JOB AND PROTECTION FOR YOUR FAMILY IS PROVIDED IN THE PROTECTIVE TARIFF POLICY Laid DOWN YEARS AGO, AND FAITHFULLY MAINTAINED BY THE REPUBLICAN PARTY!

This protective tariff policy will keep American markets for American labor! It will keep out of our country the cheap goods and agricultural products of other nations whose standards of living are lower than our own!

The Democratic Party wants to lower this tariff wall that now safeguards the United States. The Democrats promise, if elected, to open our ports to the cheap foreign-made goods of the world. They argue that such a policy would increase our foreign business. They would break down the protective tariff wall to get an outlet for only 10 per cent of our goods and at the same time open our own domestic commerce and trade to foreign competition for the remaining 90 per cent of our goods which we, ourselves, now buy and consume.

It is to the interest of American labor, both on farm and in factory, to retain the Republican protective tariff to safeguard its own welfare—to assure all who have jobs that they will CONTINUE to have them, and to open up NEW JOBS to those who haven't jobs today. Unemployment problems in other countries are much worse than ours, so that every dollar's worth of cheap goods that a lowered Democratic tariff policy would allow to enter our country would mean that amount of lessened demand for American labor.

Don't be fooled by Democratic promises of prosperity under their plan of a lowered tariff. It is only a form of political bait to catch votes during a temporarily dislocated economic condition that can be and is being adjusted WITHIN OUR OWN NATION! The Democratic lowered tariff plan would place the American worker on a scale of living equal to the coolie labor of China and Japan, or the lower wages of the rest of the world.

Let's be sure that American labor, in the city and village and on the farm, is protected for the workers of America behind the protective tariff policies of the Republican Party, under the tried and proven leadership of Herbert Hoover!

CROYDON WILL MEET KENSINGTON MAROONS

CROYDON, Nov. 5.—Two new backfield men will be seen in action at Eddington field tomorrow afternoon when Croydon will meet the Kensington Maroons.

The new men, whom Coach Abe Stiles calls a real find in his own back yard, reported for practice twice during the past week and are ready to go. Marvin Collins, a Croydon boy with a gridiron suture, will play at halfback this Sunday. Collins has had some experience on the line of the U. of P. junior varsity squad. He is expected to pick up quite a reputation in sandlot play.

The second man hails from Cornwall and is well known locally. Joe Schwartz will also take part in the backfield play, and may produce some thrillers alongside his home town mate, Paul Dean, and Stet Crossley. Croydon backfield is fast reaching a peak in material with the four former mentioned men backed up by Sammy Moffo, Jimmy Lake, Frank Crossley, Joe Kervick and several other subs.

A number of changes have been made in the line and a different type of play may result this week.

ST. ANN'S OUT AFTER MOUNT HOLLY'S SCALP

St. Ann's A. A. will go after its third straight victory tomorrow afternoon when the eleven goes to Mount Holly to play the team representing that borough.

The "Saints" have defeated their last two rivals, Milo and Southwestern and are quite confident of making it three straight, although from all reports it is known that Mount Holly has one of the best teams across the river.

Last week the Jersey team defeated Eric A. C. and previous to that the Camden Bears beat them, 7-0, though Mount Holly outplayed them throughout the game. Mount Holly has lost but two games this season.

The Bristol team has been strengthened by the addition of two new players who will see action this Sunday. Three players, Juno, Tosti and Lasprella, who have been on the injured list, will also return to action and bring the St. Ann's squad to twenty-five.

Next Sunday St. Ann's will play the Doylestown Blue Sox on the Doylestown field. This will be the first meeting of a Bristol team with Doylestown since the county-seaters won the Bucks County championship in 1930.

The "Saints" will be greatly strengthened for this game by having their full squad on the field, with "Socks" Seneca and "Glee" Dougherty in the backfield.

HERE FOR VISIT

Charles Parsons, Elkins Park, was a recent guest of Mr. and Mrs. James McIlvaine, Buckley street.

OFFICERS ARE NAMED FOR BASKETBALL LEAGUE

Last night at a meeting of the Bristol Basketball League held in the Odd Fellows' Hall, the following officers were elected for the ensuing year: President, Thomas Juno; vice-president, John Smoyer; secretary and treasurer, James Dolan.

The circuit has secured the Mutual Aid Hall, on Wood street, to play its games, and will open its season on Monday, November 21, and play until the third week in March. Games will be played on Mondays and Thursdays of each week, with two games a night.

The following teams have signified their intentions of joining the eight-team circuit: Hibernians, Knights of Columbus, Third Ward, Bristol Aces, Odd Fellows, Young Men's Association, Hulmeville, and Paterson Parchment Paper Company.

The rules and regulations committee was appointed last night and will give its report at the next meeting, Thursday night, November 10, at the Y. M. A. home.

The teams and their representatives at the meeting were: Hibernians, James Dolan and Neal McDevitt; K. of C., Edward McIlvaine and Michael Keating; Third Ward, Edward Lavender and Clifford Bills; Bristol Aces, Raymond Pieo; Odd Fellows, F. Rubinham; Y. M. A., John Smoyer; and Paterson Parchment Paper Company, John Parrella.

BOWLING ASSOCIATION TO MEET TOMORROW

A special meeting of the Bristol Bowling Association will be held Sunday afternoon in the club rooms of the Recreation Center. All members are urged to attend, for many matters of importance will be brought up for necessary action.

The principal matter is the question of prizes. This year trophies and medals are to be awarded for certain achievements to be decided upon by the majority present.

The association has also under con-

sideration a handicap sweepstake for Thanksgiving Day and will be staged if a sufficient number of bowlers will continue to enter.

The Bristol Blues broke even with the Burholme Blues at Bristol last night in an Inter-Alley League match.

The Bristol Whites journeyed to Holmesburg and lost all four points to Arcade Whites.

The Hawks have been drilling every night for this battle as this is their first major game and the Sixth Warders are anxious to get on the winning side of the ladder in their first big game.

The Harriman club line is averaging close to 180 pounds with the backfield close to 140 pounds.

A large crowd is anticipated to see the Hawks off to a fine start. The game begins at one o'clock.

Star Ball Carriers

By HARDIN BURNLEY

LOUIE BUSH

OF MASS. STATE COLLEGE IS A FINE RUNNING BACK WHO IS UP AMONG THE LEADING SCORERS FOR THE SECOND STRAIGHT YEAR.

STANFORD'S STAR HALFBACK--SAID TO BE THE BEST BALL CARRIER ON THE COAST!

GOOD INTERFERENCE IS NEEDED TO MAKE A HIGH SCORING BACK!

It's perfectly true that all the ballyhoo about the leading scorers among the backs is largely he bunk, but the fact remains that a backfield man who rolls up a great number of touchdowns during a season must have something.

Of course, a player on a team that encounters quite a bit of weak opposition has a much better opportunity of becoming a high-scoring back than one whose team faces a very severe schedule. It is because of just such discrepancies that it is impossible to rate backfield men on the basis of their scoring totals.

At the same time, the position of being up among the nation's highest scorers on the gridiron confers on a player an undeniable prestige. Therefore attention should be called to the fine work of little Louie Bush, backfield midget of the Massachu-

setts State football team. Bush is up among the high scorers again this season, making the second straight year that he has been up at the top of the nation's backfield men in point scoring.

Massachusetts State is an obscure college, as far as the gridiron is concerned, but little Louie's spectacular feats have brought his team more than a little notice these last two seasons.

Out on the Pacific coast this season we have an outstanding ball carrier on a major college team in the person of Ernie Caddell, Stanford's brilliant halfback.

In the nature of the case it is impossible to expect Ernie to run up a scoring total approaching that of little Louie Bush, as Stanford faces the sternest of big league gridiron opposition almost continually throughout a season.

As far as high scoring backs are concerned, however, any football coach will tell you that the most necessary requisite for any good ball carrier is to have first class interference working in front of him. Without that, the greatest ball carrier in the world is just another mope; while behind fine interference a mediocre back will look like a see and "Red" Grange.

According to Highway Patrolman Coughlin, of South Langhorne barracks, who investigated, the man leading the horse carried no light. No arrests were made.

"Henry W. Watson is the most staunch and loyal fellow I know," said Mr. Scott.

"Bucks County is now fastened to Lehigh County and there is a Demo-

cratic Congressman from that district and if he is re-elected he will be subject to the rules of the Democratic party of the South. Stand back of your own Bucks Countian, Henry W. Watson," concluded the speaker.

The meeting was opened by Edward Waters, president of the club. He introduced Justice of Peace James Laughlin, who after a few brief remarks presented Anthony Russo.

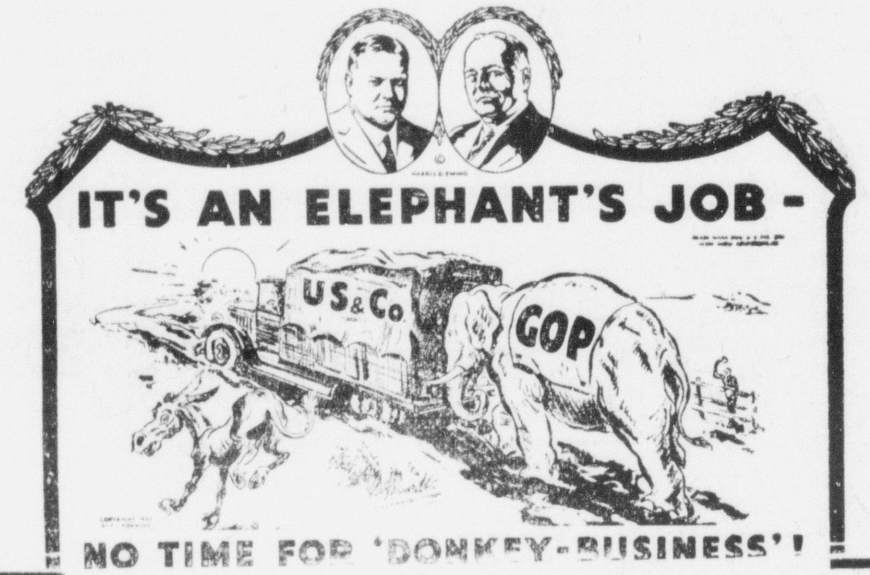

Mr. Russo pleaded for unity in the ranks of the Republicans of Croydon and urged the re-election of Congressman Watson. "We want to maintain the American wage scale," said Mr. Russo. "We want to maintain our standard of living and to do so a Republican protective tariff is necessary."

He explained how evolution and the machine age had replaced much man power and that there would have to be an economic adjustment.

"You and I have our homes, with radios, rugs, bathrooms and all modern conveniences. Living conditions abroad are different, and we do not want to live like they do."

Then the speaker said conditions are improving slowly and that it cannot all come at once. "It will take time," he stated.

"We here depend upon industry in the north. It is very important that Congressman Watson be elected. He is a very efficient representative and he is the representative of all the people in Bucks County. He believes in a protective tariff."

Think Before You Vote Think Before It's Too Late

President Hoover has stood steadfast in the face of abuse on the part of rival political partisans.

For three years he has fought the depression and gained a priceless knowledge through experience.

A definite plan to aid recovery is actually installed and working.

What incredible folly to throw all this experience and ability out the window.

"Economic conditions are much worse in other parts of the world; they could have been a great deal worse had not they are and would have been much worse, IF IT HAD NOT BEEN FOR THE VISION, THE COURAGE AND LEADERSHIP OF PRESIDENT HOOVER."— Ex - President Coolidge.

Shall we risk a change at the helm of Government now? On the one side with Hoover, are ability, experience and certainty of the return of normal times.

On the other, would be the experiments of a beginner, delay, doubt and an indefinite postponement of economic recovery in agriculture and industry.

—VOTE FOR—

Henry W. Watson for Congress. Member of the Ways and Means Committee, a leader in Congress, who has so ably represented Bucks County at Washington.

Bucks County would have little representation at Washington by the election of a Democratic Congressman, a non-resident of the County.

—VOTE FOR—

W. Albertson Haines and Wilson L. Yeakel for Assembly, men of experience and ability, who have faithfully looked after the interests of Bucks County at Harrisburg.

—VOTE FOR—

The Republican Candidates for United States Senator, State Treasurer, Auditor General, and Judges of the Supreme and Superior Courts.

The re-election of President Hoover means better prices for farm products, more jobs for the unemployed, less cost of Government and quicker financial and industrial recovery.
